Sunday Oceanfront Brunch at the Pelican Grand Beach Resort

A brunch riddle for you: What has an unobstructed view of the Atlantic, an omelet station, a carving station, and unlimited drinks and costs only \$34? Brunch at the Pelican Grand. It takes the phrase "have it your way" to new levels if "your way" includes several bloody marys, sweet pillowy cheese blintzes, steaming hot eggs Benedict, freshly carved ham, and a seafood display with shrimp and smoked salmon. And the woman at the omelet station is a sweetheart! If you have guests in town or if you want the most elevated brunch for your buck while on staycation, this is the perfect spot to keep in your back pocket.

Frommer's Review

The Pelican Beach Resort sits on a 500-foot private beach, with 159 oversize accommodations, oceanfront suites with balconies, and a sublimely relaxing, wraparound oceanfront verandah and sun deck with rocking chairs. What also rocks about this place is the zero-entry pool and the Lazy River tubing ride. This is a great, low-key luxury resort, especially for families looking for a relaxing vacation, with all the amenities of a more harried chain resort overwrought with slews of people. The resort is also completely nonsmoking.

1. Oh no! You just revealed my secret place. This is indeed a lovely place, and I like the description of it being "plantation style". Those rockers on the veranda are wonderful. The food, however, could be a little less bland.
