EXPERIENCING ATLANTA ON A BUDGET

Tips for visiting a grand city without a grand paycheck ...

It's summertime and the living is easy — the perfect time to escape the hustle and bustle of life and get away for a much needed vacay. Low on funds? I got you. Check out how I pulled off a weekend exploring Atlanta that didn't hurt my wallet.

What makes a road trip? The actual time spent on the road. I took a Megabus to Atlanta. Yes, I know it's a long ride, and most people wouldn't be down for such a thing. But, if you have the time and looking to spare a dime, this may be the perfect choice for you. Most of my time was spent sleeping and catching up on reading, which are two things I never seem to do at home. Can't beat that with a stick.

The Artmore Hotel

Instead of staying at a popular hotel chain, I opted for The Artmore Hotel, which is a cute little boutique hotel in Midtown with a retro flair. Living up to its name, The Artmore a variety of vintage art and images throughout the hotel. There's even a outdoor quad in the middle of the hotel, which is used for a bonfire, drinks and great conversation every night. Of course I took advantage. The Artmore is officially my favorite.
